Minnesota North District

Chart A - Congregations and Total Membership

Chart B - Congregations and Number of Parish Pastors
Analysis of the Minnesota North District Charts

* All Charts - The noticeable drop in all statistics in 1988 is because there were several Canadian churches in this district that joined the newly formed Lutheran Church Canada.

* Chart A - Until 1988, Minnesota North congregations had been growing in membership, but since that dip, there has been a consistent decline.

* Chart C - Despite the declines in membership, Minnesota North has seen increases in giving, even when accounting for inflation.
